Proposal to renew the following currently approved collection of information:

1. Title: Interagency Complaint Form

OMB Number: 3064-0190.

Form Number: None.

Affected Public: Individuals, financial institutions and other private sector entities.

Burden Estimate:

Summary of Annual Burden						
Information Collection Description	Type of Burden	Obligation to Respond	Estimated Number of Respondents	Estimated Frequency of Responses	Estimated Time per Response	Estimated Annual Burden
Interagency Appraisal Complaint Form	Reporting	Voluntary	40	On Occasion	30 minutes	20 hours
Total Estimated Annual Burden						20 hours

General Description of Collection:

As provided in section 1473(p) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act),¹ on January 12, 2011, the Appraisal Subcommittee (“ASC”), of the Federal Financial Institutions Examination Council (FFIEC) determined that no national hotline existed to receive complaints of non-compliance with appraisal standards. A notice of that determination was published in the *Federal Register* on January 28, 2011 (76 FR 5161). As required by the Dodd-Frank Act, the ASC established a hotline to refer complaints to appropriate state and Federal regulators. For those instances where the ASC determines the FDIC, OCC, FRB, or NCUA is the appropriate regulator, the agencies developed the Interagency Appraisal Complaint Form as a means to efficiently collect necessary information. The Interagency Appraisal Complaint Form is designed to collect information necessary for one or more agencies to take further action on a complaint from an appraiser, other individual, financial institution, or other entities. The FDIC will use the information to take further action on the complaint to the extent it relates to an issue within its jurisdiction.

¹ Dodd-Frank Wall Street Reform and Consumer Protection Act § 1473, Pub. L. 111-203, 124 Stat. 1376, July 21, 2010; 12 U.S.C. § 3351(i)...

There is no change in the method or substance of the collection. The overall reduction in burden hours (from 100 hours to 20 hours) is the result of a change in the agency's estimate of the number of annual responses based on a review of the actual number of complaints received over the last three years. In particular, the estimated number of respondents has decreased from 200 to 40 while the estimated time per response and the frequency of response have remained the same.
